

# Risk Management Group Internal Audit Progress Monitoring Report

## Report of the Chief Fire Officer

For further information about this report please contact John Redmond, Chief Fire Officer, on 01743 260201 or Ged Edwards, Planning, Performance and Communications Manager, on 01743 260208.

### 1 Purpose of Report

This report provides an update on the monitoring of recommendations made by Internal Audit, which is undertaken by the Risk Management Group (RMG). It specifically covers details about the progress made against outstanding recommendations.

### 2 Recommendations

Members are asked to note:

- a) The progress made against the outstanding recommendations; and
- b) That the RMG will continue to monitor progress against all recommendations, reporting to this Committee on a regular basis.

### 3 Background

Internal Audit is a tool, available to senior management and Members. It provides an independent judgement on the policies and procedures in place to control various aspects of the Service, which are considered to be higher risk, for example finance, and that those policies and procedures are operating in a way that reduces those risks.

It, therefore, follows that any recommendations made by the Authority's Internal Auditors, as a result of the audits they have been directed to undertake, should be implemented in an appropriate and timely manner.

Recognising that each potential deficiency identified in the Service's procedures is likely to result in a different level of risk exposure, Internal Audit rates each of their recommendations to assist the Service in deciding the priority for any remedial work. These categories are shown below.

### **Fundamental**

Immediate action is required to address major control weaknesses that could lead to material loss.

### **Significant**

Action is needed to address a control weakness, where systems might be working but errors may go undetected.

### **Requires Attention**

Action is needed to improve existing controls or improve efficiencies.

In March 2008, this Committee agreed a process for dealing with recommendations that fall out of these audits, to ensure that officers are dealing with all matters effectively:

- The Committee considers directly any "**Fundamental**" recommendations; and
- "**Significant**" and "**Requiring Attention**" recommendations are considered initially by the Risk Management Group and any delays or failures in implementing these recommendations are brought to the Committee.

This process has been used by the Risk Management Group since it was initially agreed and there have been no 'Fundamental' recommendations, since this monitoring process was implemented.

The Service now operates a robust internal system of checking and challenging with those officers, who have responsibility for each of the recommendations. This has built on the work reported to this Committee previously.

## **4 Outstanding Recommendations**

As reported in April 2015, the Service had 50 recommendations outstanding. As of November 2015 the Service has a total of 42 recommendations outstanding, of which:

- 26 are Requires Attention (RA) (8 still to be audited)
- 16 are Significant (6 still to be audited)

Of these:

- New Recommendations – 14
- Recommendations taken forward – 14
- Recommendations yet to be reviewed – 14

The recommendations are spread across the departments listed, in the following numbers:

<b>Departmental Area</b>	<b>Requires Attention</b>	<b>Significant</b>	<b>Total</b>
Finance	8	4	12
HR and Finance	3	3	6
Finance and Corporate Services	1	0	1
Human Resources	4	2	6
Technical Services	7	1	8
Planning and Performance	1	0	1
ICT	2	6	8
<b>Total</b>	<b>26</b>	<b>16</b>	<b>42</b>

It is worthy of note that, even though activities to address recommendations may be put in place with immediate effect, it is normal for them to remain “live” for a period of time to allow Internal Audit to verify that new processes are fully embedded.

The Risk Management Group is committed to ensuring that these and future recommendations are addressed in a prompt and timely manner to ensure that associated risks are mitigated as soon as possible.

## **5 Financial Implications**

There are no financial implications arising from this report.

## **6 Legal Comment**

There are no legal implications arising from this report.

## **7 Initial Impact Assessment**

This report contains merely statements of fact / historical data. An Initial Impact Assessment is not, therefore, required.

## **8 Equality Impact Assessment**

There are no equality or diversity implications arising from this report. An Equality Impact Assessment is not, therefore, required.

## **9 Appendices**

There are no appendices attached to this report.

## **10 Background Papers**

There are no background papers associated with this report.
