2 Recommendations

The Committee is asked to note the report.

3 Background

The Fire Authority's expectations of the Service's performance are detailed within the Service Plan 2012/13^{*}, which sets out eight Public Value measures, against which performance is reviewed and monitored. The measures are monitored monthly by the Service Management Team, and reviewed quarterly by the Authority's Audit and Performance Management Committee. The targets within the Service Plan are set, on behalf of the Authority, by the Strategy and Resources Committee.

6 Financial Implications

There are no direct financial implications arising from this report.

7 Legal Comment

Section 21 of the Fire and Rescue Services Act 2004 provides the statutory authority for the Fire Service National Framework and requires fire and rescue authorities to have regard to the Framework in carrying out their functions.

Members should have due regard to the Framework and, in particular, paragraph 2.8 in relation to the publication of performance information:

'Fire and rescue authorities must make their communities aware of how they can access comparable data and information on their performance.'

8 Equality Impact Assessment

Officers have considered the Service's Brigade Order on Equality Impact Assessments (Human resources 5 Part 2) and have determined that there are no discriminatory practices or differential impacts upon specific groups arising from this report. An initial Equality Impact Assessment has not, therefore, been completed.
